### **Cal/EPA**

#### **State Surcharge**

The final state surcharge was published in the [California Regulatory Notice Register](#) on September 19, 2003. Cal/EPA notified all Unified Program Agencies through a [Unified Program Bulletin](#) that was distributed via email and regular mail. For additional information visit the [Unified Program website](#).

#### **Summary Report Reminder**

Summary Reports were due to Cal/EPA on September 30, 2003. Each CUPA is required to submit reports 2 through 4 to provide information for the previous fiscal years activities. We suggest that these reports be sent by certified mail to ensure they are received. Submit reports to:

California Environmental Protection Agency  
Unified Program Section  
Attn: Ms. Bridget Bonilla  
PO Box 2815  
Sacramento, California 95812

Questions regarding annual summary reporting should be sent to Bridget Bonilla at [bbonilla@calepa.ca.gov](mailto:bbonilla@calepa.ca.gov) or phone (916) 327-9557.

#### **Unified Program Events - October**

October 8, 2003

-Kern County Evaluation

-AEO TAG – Anaheim

October 9, 2002

-Bakersfield Evaluation

October 15, 2003

-Central Regional Forum Meeting – Fresno

October 16, 2003

-Southern Regional Forum Meeting – LA County

October 21, 2003

-UST Inspectors' Workshop – Sacramento

## **State Water Resources Control Board**

### **UST Training Regulations**

Until October 10, 2003, the SWRCB is soliciting comments on the second draft of the Training regulations. [http://www.swrcb.ca.gov/ust/legal/new\\_regs/index.html](http://www.swrcb.ca.gov/ust/legal/new_regs/index.html)

### **UST Red Tag Regulations**

The SWRCB is soliciting comments on the revised draft of the Red Tag regulations. [http://www.swrcb.ca.gov/ust/docs/red\\_tag\\_regs/index.html](http://www.swrcb.ca.gov/ust/docs/red_tag_regs/index.html)

### **UST Law Update**

The UST law that appears on the UST web page has been updated to include changes made by the enactment of AB 1702 (Ch. 42, Stats of 2003), effective July 7, 2003. [http://www.swrcb.ca.gov/ust/legal/new\\_regs/index.html](http://www.swrcb.ca.gov/ust/legal/new_regs/index.html)

### **UST Inspectors' Workshop**

The monthly UST inspectors' workshop will be held October 21, 2003, at the CalEPA building. <http://www.swrcb.ca.gov/ust/docs/workshop/info.html>

## **Department of Toxic Substances Control**

### **Lab Pack Management at SHWCCAF Rulemaking (R-02-11) Approved by OAL**

This rulemaking package was approved by the Office of Administrative Law and became effective on September 23, 2003. The regulations allow, under specified conditions, lab packs to be reopened and repackaged at Schools Hazardous Waste Collection, Consolidation, and Accumulation Facilities (SHWCCAFs) authorized under Permit by Rule (PBR). [The SHWCCAF PBR regulations are established in Title 22, California Code of Regulations, Division 4.5, Chapter 45, Article 5, Sections 67450.40 through 67450.50.]

Under the previously existing requirements established in January 2002, science laboratory waste lab packs could not be reopened or repackaged at the SHWCCAF. However, this requirement was identified as an unnecessary and burdensome requirement that 1) prevented school districts from repackaging partially filled lab packs for more efficient and economic management and transport of the wastes; 2) could impede transport and disposal of the wastes where lab pack content is unclear or must be confirmed prior to disposal; and 3) potentially and unnecessarily increased the volume of waste disposed at hazardous waste disposal facilities from extra lab packs and packing materials used in partially filled lab packs.

The regulations allow lab packs to be reopened and repackaged at a SHWCCAF only under the following conditions:

- 1) Incompatible wastes cannot be packed within the same lab pack container and reactions between contained waste and packing materials must be prevented.
- 2) Lab packs must be properly marked and labeled.
- 3) Lab packs cannot be reopened during transport.
- 4) Reopening and repackaging of lab packs must be done within an appropriate spill containment system.
- 5) Only the outer lab pack can be reopened (not the bottles packed in the the lab pack).
- 6) Leaking or damaged lab packs must be immediately managed and cleaned up according to spill response and cleanup procedures and requirements.

For more information contact Cheryl Closson at (916) 324-6564.

### **Temporary Household Hazardous Waste Event Calendar**

Attached is the updated temporary HHW event calendar.

## **Other**

### **USEPA Brownfields 2003 Workshops**

The U.S. Environmental Protection Agency (USEPA) Region 9 Brownfields Team is hosting six California workshops to assist communities interested in applying for brownfields assessment, cleanup, and revolving loan fund grants. The grants provide funding to assist communities that plan to return contaminated (or potentially contaminated) properties back to productive use. The workshops will focus on helping participants understand the basic elements of the grant programs, the process for submitting grant proposals, and the required proposal elements. Representatives from USEPA Region 9 will be present to help answer your questions.

This will be the second year that funding for brownfields grants will be awarded under the new Small Business Liability Relief and Brownfields Act (SBLRBA) signed by President Bush on January 11, 2002. The final guidelines for applying for Brownfields Grants will be available by early October on USEPA's Brownfields Program Website at <http://www.epa.gov/swerosps/bf/index.html>.

#### *What topics will be covered in the workshops?*

- What is a brownfield?
- What are the types of funding available for brownfields?
- How and when to apply for a brownfields grant?
- What are the key elements of a brownfields proposal?
- What assistance is available for preparing a grant proposal?

#### *Who should attend?*

Individuals interested in preparing proposals for brownfields funding or deepening their understanding of the brownfields program, including:

- State
- Tribal
- Local governmental officials
- Representatives from Land Clearance Authorities or other quasi-governmental entities
- Regional councils
- State sanctioned redevelopment agencies
- Representatives of non-profit organizations
- Other individuals interested in partnering with an eligible entity to apply for brownfields funding

Note: See the proposal guidelines for a complete list of the entities eligible to apply for these grants.

#### *How much does the workshop cost?*

All workshops are free of charge. Pre-registration is NOT required.

For information regarding the workshop agenda and attendance, please contact either:

Thomas Mix at (415) 972-3248 or [mix.thomas@epa.gov](mailto:mix.thomas@epa.gov)

Wallace Woo at (415) 972-3270 or [woo.wallace@epa.gov](mailto:woo.wallace@epa.gov)

For information regarding workshop directions and accommodations, please contact the individuals listed below.
